TARIFF FORMAT

- A. Sheet Numbering - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in its tariff approval process, the most current sheet number on file with the Commission is not always the tariff sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

2.
2.1
2.1.1.
2.1.1.(A).
2.1.1.(A).1.

TARIFF FORMAT (Cont'd.)

- D. Check Sheets - When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the sheets contained in the tariff, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some sheets). The tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the Commission.

SECTION 2 - RULES AND REGULATIONS**2.1 Undertaking of BSN Telecom Company**

The Company is a non-facility based long distance reseller providing intrastate interLATA interexchange communications service to Customers for their direct transmission and reception of voice telecommunications within the Commonwealth of Kentucky. BSN purchases services from AT&T Communications, and then resells the services to small and medium-sized businesses within the Commonwealth of Kentucky in accordance with the terms and conditions set forth under this tariff. The Company's services are provided through a two year Service Agreement which may be cancelled by the Customer or the Company, upon request as outlined within this tariff. The Company's services are provided on a statewide basis and are not intended to be limited geographically. Service is available on a full time basis, twenty four hours a day, seven days a week. The Customer shall be responsible for all charges due for such services.

2.2 Limitations

- 2.2.1 Service is offered subject to the availability of the necessary facilities and subject to the terms and conditions of this tariff.
- 2.2.2 Service is offered subject to the Kentucky Revised Statutes and the Kentucky Administrative Regulations as now or hereafter enacted.
- 2.2.3 The Company reserves the right to discontinue furnishing service upon written notice when necessitated by conditions beyond its control or when the Customer is using the service in violation of the provisions of this tariff, or for non-payment of service.

SECTION 2 - RULES AND REGULATIONS (Cont'd.)**2.2 Limitations (Cont'd.)**

- 2.2.4 Service may not be used for any unlawful purpose.
- 2.2.5 All facilities provided under this tariff are directly controlled by BSN Telecom Company and the Customer may not transfer or assign the use of service or facilities, except with the express written consent of the Company. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.
- 2.2.6 Prior written permission from the Company is required before any assignment or transfer. All regulations and conditions contained in this tariff shall apply to all such permitted assignees or transferees, as well as all conditions for service.

2.3 Liabilities of the Company

- 2.3.1 Company has no liability for damages arising out of mistakes, interruptions, omissions, delays, errors, or defects in the transmission or call processing of Customer's communications traffic by the Underlying Carrier. The Company's liability for such damages occurring in the course of furnishing the Company's services but not caused by its gross negligence or willful misconduct or that of its employees or agents, in no event shall exceed an amount equivalent to the proportionate charge to the Customer for the period during which such mistakes, interruptions, omissions, delays, errors, or defects in the Company's furnishing of its services occur.

of Kentucky in Case No. 91-404 dated January 9, 1992.

SECTION 3 - DESCRIPTION OF SERVICES**3.1 Timing of Calls**

The Customer's long distance usage charge is based on the actual usage of BSN services. Usage begins when the called party picks up the receiver. When the called party picks up is determined by hard answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. Person-to-person, collect and third party billing is not available for the services provided by BSN.

3.2 Calculation of Distance

A charge per call will apply for each call connected based upon the airline mileage of the call between vertical (V) and horizontal (H) coordinates associated with the rate centers for the originating city and the terminating city. The airline mileage is calculated as specified in the AT&T Tariff F.C.C. No. 10.

3.3 Minimum Call Completion Rate

A customer can expect a call completion rate of not less than 90% during peak use periods for all BSN services.

3.4 Service Offerings

The Company resells the Long Distance Network, Group Billing and Directory Assistance Services within the Commonwealth of Kentucky as described in 3.5.1 through 3.5.4.

- A. The Long Distance Network Service Package A is the resold AT&T Communication's Software Defined Network (SDN) Service. Package A is available to commercial and business customers. It is a custom designated private telecommunications network that combines the efficiencies and benefits of both switched and private line service to meet the specific requirements of customers needing to communicate between many nationally dispersed geographic locations and whose calling patterns are primarily interstate in nature. There is no monthly subscription. A minimum estimated billing of two hundred dollars (\$200.00) per month is applicable.
- B. Each Package A customer is billed individually for each call on a conversation minute basis placed through the Company since the previous month's billing. Each call is measured and billed at the applicable rate for the initial eighteen (18) second period or fraction thereof, and then at the applicable rate for each additional six (6) second period or fraction thereof. Minimum length of a call is eighteen (18) seconds. See Section 4, Rates and Charges, for the applicable rate schedule.

PUBLIC SERVICE COMMISSION MANAGER

Issued by authority of an Order of the Public Service Commission of Kentucky in Case No. 91-404 dated January 9, 1992.

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd.)**3.6 Accessing Service**

Package A and Package B are one way dial in - dial out, multipoint telecommunications services, allowing the Customer to originate calls through the access lines provided by the Underlying Carrier. Customers may originate calls only in the city or cities where they have an active account. Access to the Company may differ dependant upon the type of exchange access service provided by the local exchange telephone company to the Underlying Carrier.

3.7 Availability of Service

Package A and B, provided through the Company, is available at designated AT&T SDN and DNS Service Central Offices which are specified in the AT&T Tariff F.C.C. No. 10.

3.8 Locations of Service

Both Package A and B services offered by the Company are to be available throughout the Commonwealth of Kentucky, where AT&T long distance service is available. The services offered by the Company are not intended to be limited geographically.

SECTION 4 - RATES (Cont'd.)**4.2 Long Distance Network Service Package B Usage Rates**

4.2.1 Package B is the resold AT&T Communication's Distributed Network Service (DNS). Package B rates may include usage charges and monthly recurring charges. Usage charges are billed in arrears, monthly recurring charges, as set forth in Section 4.3 following, are billed in advance. Package B usage charges apply to all completed calls on Package B. Monthly charges apply whether or not the service is used. The Customer is liable for the full service establishment charge plus all location installation charges at the time the Customer orders Package B.

4.2.2 **Usage Charges**

These charges apply per completed call and are determined using the following rate schedules.

- A. Distance Measurement - Usage rates in Schedule B, Intra-Mainland, Mainland-Hawaii, Mainland-Alaska and Hawaii-Mainland, are based on the distance in airline miles between the vertical (V) and horizontal (H) coordinates associated with the rate centers of the DNS station and the called station. Airline mileage is calculated as specified in the AT&T Tariff F.C.C. No. 10. Usage rates in Schedule B, Mainland-Puerto Rico/U.S. Virgin Islands, are based on mileage bands into which the states are grouped. Mileage bands eliminate the necessity for determining specific airline mileage between DNS stations and the called stations in Puerto Rico and the U.S. Virgin Islands.
